Description of Item(s) to be Purchased:

Contractor is to be responsible for activities leading to the deployment of concrete culvert and other complex concrete materials on Delaware's artificial reef sites. The contractor will procure approved materials, transport them by land and by sea, and deploy at least 700 tons of complex concrete in each scheduled deployment on the designated reef site; supplying all necessary equipment and manpower for the job.

Vendors Solicited (Three Bids Required)

☒ Formal Bid (>\$25,000 for Goods & Serv.; >\$50,000 for Prof. Serv.) If Checked - Contract # NAT11211-REEFCONCRT
